

Are you “greener” than the competition?

No matter what your answer is, **Sundowner Sustainability Consulting LLC** can help!

Yes

No

Prove it! Green certifications show that you’re a socially responsible company. But with so many options, which one is the right certification for you? Where are you going to find time for the extra paperwork? What do all these checklists even mean? Hiring Sundowner takes care of those issues and gets you certified so you can get back to your business.

- **Coaching packages for Green Business Certification, ISO 14001, LEED, and more!**

Stop losing money! Every time you buy a new appliance, change your landscaping, or pay your utility bills you could be missing out on free rebates, recognition programs that will get you more customers, and more. Contact Sundowner to get those missing dollars back in your pocket!

- **Rebate application services at no upfront cost!**
- **Energy, water, waste, transportation and purchasing assessments**

Am I?

Earn recognition for what you’re doing!

We can analyze all aspects of your organization to uncover opportunities to go green, market your sustainable practices, and take advantage of free resources. Just ask us about our sustainability report services which will introduce you to City services, action steps for going zero-waste, and how to save thousands of dollars on your energy bills!

- **Sustainability reports and green marketing plans**
 - **By-the-hour consultation**

“The expertise of Sundowner was invaluable in obtaining our Green Business Certification. They prepared the paperwork and worked with the auditors to successfully guide us through the process.” - Tom Patton, General Manager, Ramada Santa Barbara
