

Are you doing enough to “go green”?

Whether you're an educational institution, non profit organization, or government department, **Sundowner Sustainability Consulting LLC** can help!

Yes

Prove it! Green certifications show that you're a socially responsible organization. But with so many options, which one is the right certification for you? Where are you going to find time for the extra paperwork? What do all these checklists even mean? Hiring Sundowner takes care of those issues and gets you certified so you can get back to work.

- Packages for AASHE STARS, LEED, Energy Star and more!
- Green event services (zero-waste, volunteer, and purchasing guidance)
- Sustainability plan writing
- Educational signage and training
- By-the-hour consultations

No

Stop losing money! Every time you renovate your building, order appliances, or pay your utility bills you could be missing out on free rebates and recognition programs. Contact Sundowner to get these benefits back to your organization!

- Rebate application services at no upfront cost!
- Utility bill, transportation and green purchasing assessments

Calculate your impact!

- Greenhouse gas inventories and sustainability metrics
- Data analysis and collection

“As a church, we had to be economical with our upgrades. Fortunately Sundowner was able to apply and earn over \$1,400 in rebates we were about to leave on the table. They're great!” - **Dale Swanson, Pastor, New Life Church**

“Sundowner's services had proven success in generating increased volunteer participation of our annual event. They also assisted us in running a successful zero waste event by creating educational visual aids and information for our attendees. The consultants are timely and focused on the details that count!” - **Lorraine Cruz Carpenter, Environmental Specialist & Executive Coordinator, City of Santa Barbara-Looking Good Santa Barbara**
